Dear Catherine,

Thank you so much for your interest and professionalism in helping us to sell our property at Greystanes.

We were delighted to meet you and to have you look after the sale of our property.

We found you to be a woman of your word, with a very high standard of ethics, we appreciated your honesty and the way in which you tried to get the very best price for us.

We thank you for pointing out the market trends and the fact that acting at the wrong time could affect profitability in the long term also for your continual feedback.

We will, if ever given the opportunity, recommend you to our friends and family should they be looking to purchase or sell a property.

We wish you all the best and thank you again for your refreshingly honest and reliable approach to real estate sales.

**Yours sincerely
Marianne and Noel van Esch
